

ADVENTURE

Nothing speaks to the heart of person like a good tale of adventure. Whether in the form of a bedtime story for young children, or a nail-biting page-turner that keeps you up all night, the adventure story is one genre of literature that stays with you for a lifetime.

Adventure stories are dominated by action and they often involve danger, risk and excitement. You will also often find that they are set in exotic or distant places. Events in an adventure story are more remarkable and extraordinary than in everyday life.

CAN YOU FIND THE STOLEN TREASURE?

On which islands did the thieves bury their stolen gold? To find out, start from the star and follow your way around the map using the clues below.
