

Today at the zoo, we're on the lookout for some unusual looking animals. This zoo is very different to others you may have visited because all of the animals are made out of different shapes.

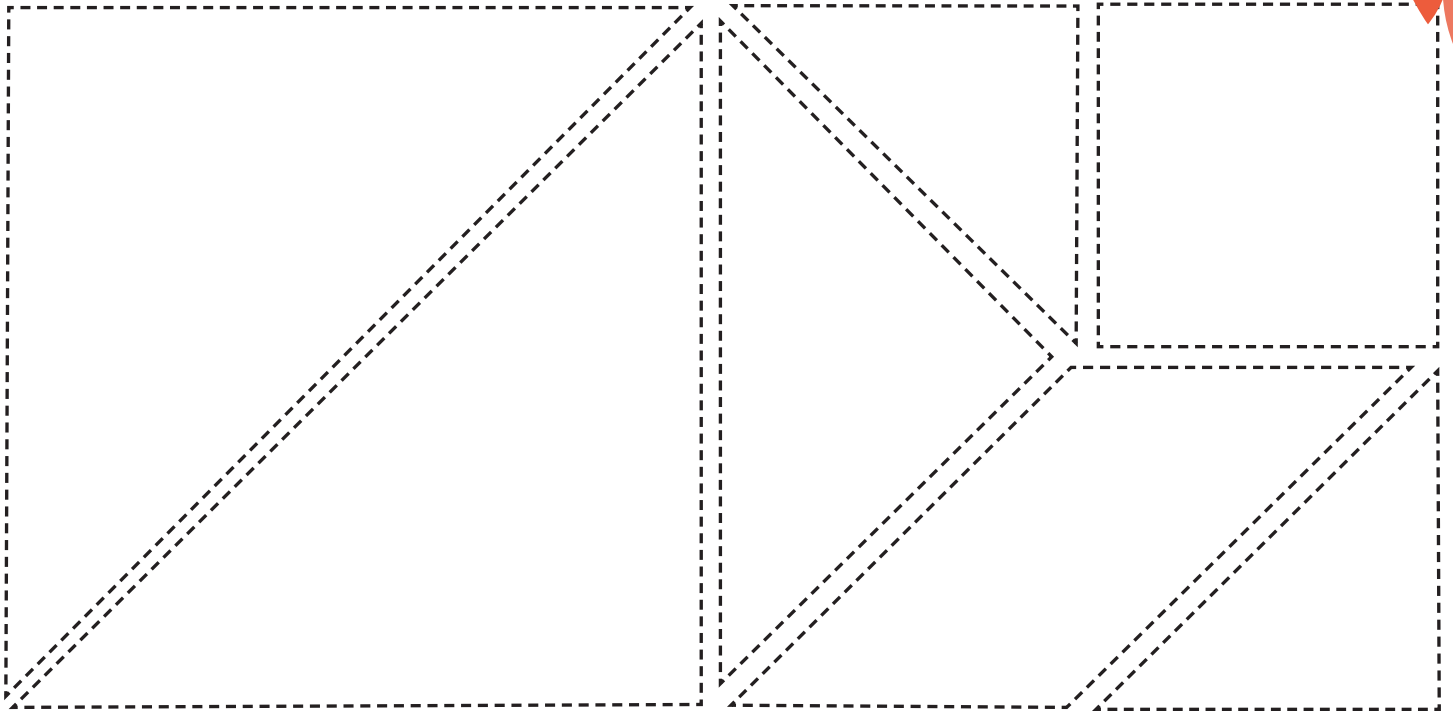

LOOK! I'VE SPOTTED  
A CAMEL!

## YOUR CHALLENGE

Cut out and colour the shapes in the tangram below. Can you arrange the shapes to make the animals below?

- You will need to apply your knowledge of 2D shapes to move and join the shapes together to form a new shape or image.
- There are two rules for all the challenges: **YOU MUST USE ALL SEVEN SHAPES** and **THE SHAPES CANNOT OVERLAP.**

Can you make...

A RABBIT

Can you make...

A TIGER

Can you make...

A FISH

Can you make...

A BIRD

WHAT OTHER  
ANIMALS CAN  
YOU SEE?

Share your creation with us!
