## Reading and Making Line Graphs

The manager of Video Madness made a graph of the number of Space Hero video games the store sold over the five years shown on the graph to the right.

Use the graph for Exercises 1–3 and 5.

1. How many Space Hero games had been sold by the end of 1998?

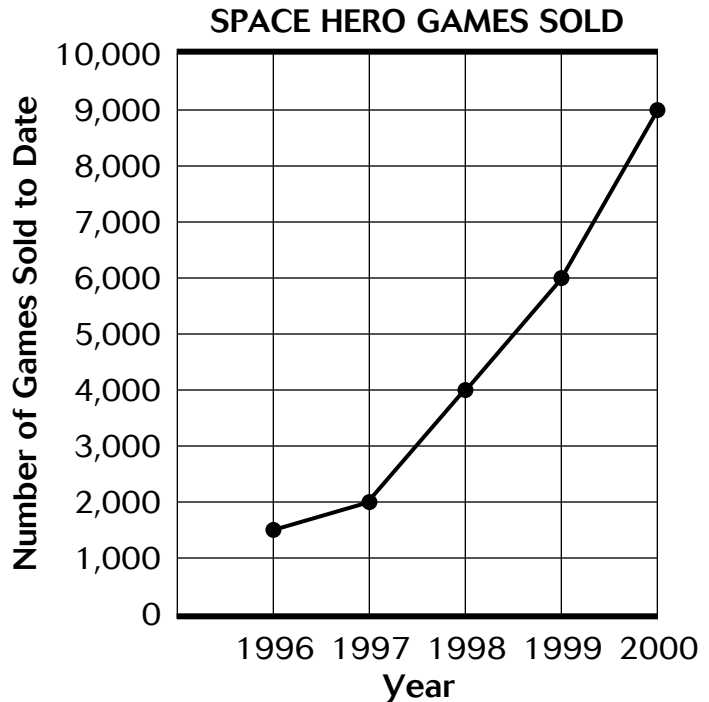

\_\_\_\_\_

2. In which year were the most Space Hero games sold?

\_\_\_\_\_

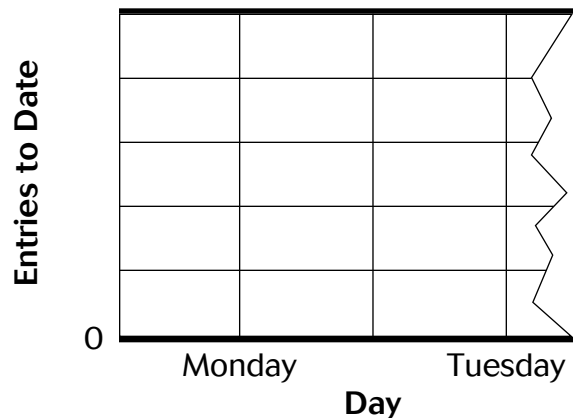

3. In which year were 500 Space Hero games sold?

\_\_\_\_\_

4. Use the data given below. Draw a scale on the line graph. Use intervals of 2, 10, 25, 50, or 100. Use dots and a line to show data for Monday and Tuesday.

<b>Cumulative Entries in Inventions Contest to Date</b>	
Day	Entries to Date
Monday	4
Tuesday	7
Wednesday	10
Thursday	11

**Test Prep** Circle the correct letter for the answer.

5. Use the graph at the top of the page. How many Space Hero games had been sold by the end of 1999?

**A** 8,000

**B** 6,000

**C** 9,000

**D** 7,000
